Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

10 minutes to prepare
1 hour to collaborate
2-4 people recommended

Before you collaborate

Our team gathered to discuss common problems faced by vehicle buyers and sellers. We observed that users struggle to compare vehicles, understand specifications, and find reliable reviews in one place. We decided to focus on creating a smart vehicle expert solution.

10 minutes

Review guidelines
Define what problem contributes to the current and desired future. Does it meet information or answer a need?

Set the goal
What's about the problem you're focusing on solving in this session and why?

Learn how to use the facilitation tool.
